

IOlXObject

```
classDiagram
    class IOlXObject
    class ACollectionItem
    class TEllipsoid
    ACollectionItem --|> IOlXObject
    TEllipsoid --|> ACollectionItem
```

The diagram illustrates a class hierarchy. At the top is the class **IOlXObject**, which is enclosed in a dashed rectangular border. Below it is the class **ACollectionItem**, which is enclosed in a solid rectangular border. At the bottom is the class **TEllipsoid**, also enclosed in a solid rectangular border. A solid vertical arrow points from the top of the **ACollectionItem** box to the bottom of the **IOlXObject** box, indicating that **ACollectionItem** inherits from **IOlXObject**. Another solid vertical arrow points from the top of the **TEllipsoid** box to the bottom of the **ACollectionItem** box, indicating that **TEllipsoid** inherits from **ACollectionItem**.
