

IOlxObject

```
classDiagram
    TReflection --|> ACollectionItem
    ACollectionItem --|> IOlxObject
```

The diagram illustrates a class hierarchy. At the bottom is the 'TReflection' class. An arrow points from 'TReflection' to 'ACollectionItem', indicating inheritance. Another arrow points from 'ACollectionItem' to 'IOlxObject', also indicating inheritance. The 'IOlxObject' class is enclosed in a dashed rectangular border, which typically signifies an abstract class in UML notation.
